Capital $500,000.

A NICHOLAS, President Office, 70 Wall st

A Perfect Security against all manner of Fraud or Counterfeiting on Paper—To Prevent Photographs and Aniline or Counterfeits, Erasures Printers or Alterations

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in America invented and patented in England by HENRY GLYNN a celebrated chemist and officer in the British army it is hardly necessary to say that the Paper is recommended by Mr Kent Assayer of the U S Mint, Mr Lyman of the New York Clearing House and Meade Brothers, extensive and skillful photographers 213 Broadway, N Y The latter say that no imitation can be made on a check or bank note printed on the Safety Paper Below is our list of prices

Bank Checks—35 cts per lb
Bank Bills—$18 for 1000 sheets
Bills of Exchange—$25 for 1000 sheets
Promissory Notes—40 cts per lb
Sight and Time Drafts—$20 for 1000 sheets
Insurance Policies—40 cts per lb
Railroad Stocks and Bonds—40 cts per lb
Bank and State Stocks—40 cts per lb
Bonds and Mortgages—40 cts per lb
Wills and Deeds—40 cts per lb

For wrapping Silks and other fine articles it is excellent as it prevents moths 40 cts a lb

For Indentures and Agreements 40 cts a lb

All State and County Records should always be printed or written on this paper as the chemicals inserted in the pulp not only prevents erasure or transfer but makes it last ng as time

For Southern climates it is excellent and much superior to any other as the moistness of the climate does not destroy it,—the properties inserted in the pulp being a preventive In all the Southern States Cuba the West Indies and the Central American States no public records can be kept over 20 years writ en on the ordinary paper while the oils and other chemicals inserted in this paper makes it indestructible by the ravages of time It is also proof against moths rats and other vermin which feast on and destroy all other paper now in use

The Company have now in operation Mills in Morris County N J of about 300 horse power and are able to fill all orders for Paper at the shortest notice

Letters for the Paper must be addressed to A NICHOLAS President of the Company, No 70 Wall street, New York

THE RAG MERCHANT'S DAUGHTER.

In one of the most crowded and most extensive of Parisian hotels a ball was given in the grand saloon in the Rue Meslay The house was a rag merchant's but the splendor of the entertainment would have done honor to a prince The next day it became the common talk throughout the entire quarter that the rag merchant's daughter had received the hand of the young Count Raoul de Beaumont, one of the most distinguished of the young men of the day, and that the marriage was to be celebrated in a few days with a superb style to give our readers a faithful account of the whole affair

'Well, well,' said old Thomas with a shrug I must say I expected better than that for my little girl's husband, but, as the young people like each other I will throw no obstacle in the way Julie is my only child, and on the day of her marriage I shall give her four hundred thousand francs, money down!'

It may readily be imagined that the Georges changed their tune in a hurry about this time But now came another difficulty Expecting to frighten old Thomas off, Madame Georges had rather stretched the truth in naming 50 000 francs as her son's wedding present and as both she and her husband were now very anxious to see their son so richly married sacrifices were made and loans negociated, in order to get together the sum mentioned Things went on in this way for some time, and the day of the ceremony has been several times postponed when one morning the merchant received a package containing fifty bank notes for a thousand francs each, and these words

'I see where the shoe pinches As for a trifle I won't have things drag on any longer I send you the *needful*. Another time be more candid with your friends, and don't put on any more airs with poor people On the 15th of next month the wedding'—*From a Paris Journal.*

EXECUTIVE DEPARTMENT
AUGUSTA, August 28 1857

An adjourned session of the Executive Council will be held at the Council Chamber, in Augusta on TUESDAY the 29th day of September next. Attest

ALDEN JACKSON Secy of State

See that your Name is on the Voting List.

The lists of voters are posted up See if your name is on it if it is not, have it added immediately The Board of Aldermen will be in session every day for the purpose of receiving evidence of the qualification of voters

Check Lists!

See to it that the name of every Republican Voter is on the Check List—and see to it in season

Beware of Spurious Tickets!

With the name of Cyrus Sprague instead of John S Patten for County Commissioner

We learn that in some localities votes, purporting to be Republican, are being distributed, with the name of Cyrus Sprague instead of John S Patten for County Commissioner Don't be deceived by these tickets. The true Republican ticket is

For County Commissioner,
JOHN S PATTEN

All others are frauds Beware of them.

Examine your Votes.

Examine your votes, and see that no *spurious ones* are palmed upon you by your opponents Receive your ballots only from known and tried Republicans

Let the People of Maine Remember!

During the political campaign of 1856, the Republican speakers and presses proclaimed that the election of James Buchanan would be likely to result in the establishment of Slavery in Kansas The Democratic speakers and presses at the North denied this with great pertinacity and denounced it as a Black Republican falsehood

How Stand the Facts To-day?

James Buchanan was elected *"Free Kansas, Buchanan and Breckenridge"* carried Pennsylvania in October, and secured the defeat of Fremont. Buchanan HAS NOT BEEN IN HIS CHAIR SIX MONTHS, when he says

"Slavery Exists in Kansas under the Constitution of the United States."

The Election of To-day.

The time has again arrived for the people to express through the ballot-box their sentiments upon the political questions of the day After the emphatic verdicts of last year there can be no doubt as to what really is the sentiment of the people of Maine It is firmly fixed and has been unequivocally declared — But it is necessary that their position should be *constantly* manifested in the view of the whole country There should be no *appearance* of relaxation by the friends of freedom Their verdict should be given at every election The contest of to-day may appear to some unimportant in a national view—but it is in reality quite as important as that of last year—in some respects more so, for the pro-slavery party are insolently declaring that the sober second thought of the people is adverse to the verdict given in last year's excited campaign People of Maine, is it so? Do the subservient dough-faces of the North speak the truth in this matter? If not, will you permit them to point to the vote this day given as evidence of a change of opinion on your part Shall they have opportunity to exult even in an apparent *relaxation* of your zeal in the good cause? We know the answer of every true Republican is an emphatic 'No!' But to make that answer of any practical value, IT MUST BE PLACED IN THE BALLOT-BOX Let every man consider it as much his duty to vote to day as it was last year—for it is so The cause must be maintained NOW, by a renewed verdict for freedom, that the people's party may be maintained in all its integrity for the great fight of 1860

We urge every Republican, then, to VOTE TO DAY, and see that his apathetic neighbor, if he has one, also votes

Go to the polls early, and there render all the aid you can to secure a full vote

Ascertain in season whether your neighbors have voted and if not, take measures to get them to the polls

Be watchful to defeat the tricks, the misrepresentations, and the falsehoods of the enemy

Suffer no personal considerations to lessen the support to the ticket—but labor to have the Republican voice, as expressed by the vote for that ticket, full and emphatic for freedom

We *know* the sober second thought of the people is not different from the first glorious impulse which inspired them to unite against the enemies of freedom,—but that thought must be expressed by the ballot, or it is no living thought

Argument upon the great issues is no longer necessary The people are convinced The pro slavery party have themselves furnished ample arguments and evidence to secure their own convictions To the outrages upon freedom in Kansas and upon free speech in the Senate Chamber, they have this year added, by Presidential letters and Dred Scott decisions, the clearest demonstration that their principles are utterly adverse to the true principles of our government, and dangerous to liberty and the interest of free labor

We need then, only urge the people to VOTE

Harmony and Devotion to the Cause.

The Republican Caucus, on Saturday evening, was large, enthusiastic, and entirely harmonious The remarks made by various gentlemen, as stated in the official report, were indicative of a most hopeful and confident spirit, looking to the certain triumph of Republican principles, not only in our own State but eventually in the nation The most earnest devotion to the cause marked the whole tenor of the speeches—and an entire subordination of all private feelings and personal disappointments, to the success of that cause was proclaimed to be the duty of every good Republican These sentiments met with a hearty and unanimous response

Get your Voters to the Polls.

Every man who has a team should carry one or two of his neighbors who have none, and if necessary let your teams work through the day Especially see that the aged and infirm are provided with conveyances

Why the Democrats have no Public Meetings.

The Buchanan democracy do not like it that the Republicans are discussing the great political issues of the day before large assemblages of the people They have not called a single mass meeting nor caused any of their numerous speakers to take the stump in favor of the Dred Scott decision the Cincinnati Platform, or President Buchanan's recent letter to defend the Border Ruffian outrages in Kansas There are reasons for this silence.—They took the same course in 1854, immediately after the repeal of the Missouri Compromise They deemed that such an outrage, such a violation of national faith and justice, could not be safely defended while the popular indignation was at its height, and they knew there must be time for party deception and misrepresentation to do its work They had not the shameless audacity to defend before the citizens of Maine the betrayal of the interests of Freedom and the free North, by which the Democratic party and Southern Whigs surrendered the immense territory of the West to slavery

The Dred Scott decision, the Border Ruffian laws, and the President's atrocious letter come with such startling and astounding effect on the intelligence and moral nerves of the people that the Democratic leaders and presses in Maine at this time, do well to oppose popular assemblages, and open, bold discussion of the principles and measures which their southern masters have put forth as *tests of Democratic faith.* The Democratic leaders in this State correctly deem discretion the better part of valor, AND DARE NOT APPEAR BEFORE THE NORTH MASSES and defend the recent Democratic dogmas and political crimes —*Kennebec Journal*

It is stated that the contest for Judge Curtis's place, lies between Nathan Clifford and Judge Gilchrist of New Hampshire

The Richmond Whig says, "It is probable that the vacant seat of Judge Curtis will be offered to Rufus Choate of Massachusetts"

SCURRILITY The editor of the Portland Argus, unable to meet his opponents in fair argument, descends to the grossest and most libellous personal abuse of Mr Blaine, the new and talented editor of the Advertiser — In an article published on Saturday, the Argus basely attacks the private character of Mr Blaine, by insinuations which every one acquainted with that gentleman will immediately stamp as vile and vindictive falsehoods The cause of 'democracy' must be in a sad condition, when its organs exhibit so desperate a spirit We have seen nothing in Mr Blaine's editorial course at Portland or elsewhere, to furnish any excuse for so vile and malicious an attack The Argus will find its course condemned by every decent man, even of its own party

GOV SEWARD'S CHILDY Gov Seward took an excellent way to spend some of the hot days A party left Quebec on the first day of August in a vessel chartered by Gov Seward for the trip They were on board twenty nine days The vessel was of 35 tons burthen, and possessed all the conveniences for such an excursion The party went as far as the Mingen Islands on the coast of Labrador, and the Islands of Anticosti, regions lying some 400 hundred miles beyond the borders of civilization

NEW ENGLAND FEMALES MEDICAL COLLEGE The 8th annual report of this institution discloses the gratifying fact that the past year has been one of unusual prosperity Among other items of interest it is stated that Mrs Waterhouse of Cambridge, widow of Dr Benjamin Waterhouse, former Professor in the Medical Department of Harvard University, has given $1000 towards endowing a Professorship of Anatomy in the Female College This is the first donation of the kind

B on Bradbury was at Cherryfield and delivered a speech on Tuesday Evening He was invited to meet Mr Morrill in discussion there, and declined to do so So says the Ellsworth American

The Boston Courier learns that Mr Caleb Cushing proposes to engage in the practice of law in this city, in conjunction with Mr Sidney Webster, formerly private secretary to President Pierce

GREAT EASTERN A London correspondent of the New York Commercial Advertiser writes

"This afternoon I spent on board the steamer Great Eastern an hour, which is all the time that is allotted to visitors, while the men are at dinner As the dimensions of this mammoth vessel have been often published, I will not repeat them. Her strength is all that iron can afford. Her launch will be a novelty in its way, as she is to slide into the water sideways. Many doubt its feasibility. This, however, will soon be decided, as the company are driving the work as fast as possible, there being at the present time *twelve hundred workmen* employed on the ship I do not hear anything said about her going to Portland in the spring, but there is a good deal of talk about sending her to Australia or India Should government want her to convey troops, she will of course be employed in that service The Portland papers must not be too sanguine of her making that city a visit, notwithstanding the preparations made for her reception. I am told the steamer will be launched in October, should no accident occur to delay the necessary preparations."

VERMONT ELECTION. Returns from 159 towns give Fletcher, Rep., about 21,000 votes, and Keyes, Dem., about 10,000. Majority for Fletcher, 11 000. The remaining towns will increase this majority. The Senate will be unanimously Republican, and the House, thus far, stands, Republican 174, Democrats 56.

THREE DAYS' TROTTING Some interesting matches will come off at the Bangor Trotting Park, on Tuesday Wednesday and Friday of this week See advertisement.

THE ISLAND TROTTING PARK The first trot at this track took place Wednesday, for a purse of $150 Mile heats, best three in five to harness, between the well known trotters, Mary Taylor, and Harry Walton, formerly Jack Potter, of New York In the first heat the Harry Walton, won in 2 42, second heat she also accomplished in 2 42, third do, Mary won in 2 43, fourth do, Harry came in ahead, winning again in 2 40 Another race comes off this afternoon, in which New York and Massachusetts horses are to be trotted, for a purse of $150—*State of Maine*

CHILD FOUND A female child, about one year old, was found in the front yard of Mr B Lubby, on Swan street, in this city, about 11 o clock on Wednesday night last, clad only in summer clothes and lying on the grass Its cries awoke the family, who took care of it — The child has since been sent to the city Almshouse —*Augusta Intelligencer*

THE FROST The Somerset Telegraph of the 10th says "We think our crops cannot have suffered serious injury in any portion of the county Corn is making good progress some is beyond the power of frost to injure, and the main crop will soon be safe so far as we can now calculate

ACCIDENT We learn that a lad, son of Joseph C Patten, of this town, was badly hurt by the kick of a horse in his face The horse became frightened and ran with a wagon containing the boy his father and another gentleman—the others were slightly hurt, but not seriously —*Anson Advocate*

Incendiaries are again at work in Portland The old Portland Academy, on Congress street near Post Office Avenue, was set on fire on Thursday Evening, but the fire was soon extinguished

TOMATO PICKLES We published last year our recipe for making pickles from green tomatoes and some other condiments Many families gave them a trial, and we believe they are generally considered a superior article for table use As the tomatoes are now in season we republish the recipe.

Take one peck green tomatoes (not peeled,) a dozen and a half small sized onions, and slice both onions and tomatoes, add 1 2 pint white mustard seed, 1 2 oz allspice, 1 2 oz cloves, half a dozen whole peppers, (ripe) or a table spoonful of cayenne, salt enough to season Cover the whole with vinegar, and boil two hours.

POLICE COURT *Sept 12th*—Dennis Griffin John Jordan and Patrick Jordan, were before the Court on a charge of mutual assault — Patrick Jordan plead guilty, the others not guilty

The Court was of the opinion that the evidence sustained the charge, and fined them $5 00 each, without cost

ON A BENDER Murch Chick resides in Lamington, has a wife and two children, and is in the habit of indulging in strong drinks to excess. Thursday night, while under the influence of bad rum, he attempted to "break up house-keeping" by smashing crockery, throwing provisions out of doors, &c, and also beat his wife and fired a gun at the neighbors who interfered At last accounts, Chick was pointed for Saco with an officer on his track.

Mr Jack Frost, made his appearance in this vicinity on Tuesday morning last—and the way he *penetrated* into the hearts of cucumber, squash and pumpkin vines, is a 'caution.'—*Dover Observer.*

ROBBERY OF A PENOBSCOT MAN. The Portland Advertiser of Saturday reports the following case of robbery on board a steamer

ROBBERY Samuel Clark, an old gentleman of nearly 70, belonging to Lincoln, Me, was robbed of his carpet bag, containing $182 in gold, on board the steamer Forest City, after her arrival here from Boston Thursday morning. Mr. Clark was on his return from the South, and on board the New York and Stonington steamer, he had made the acquaintance of a pleasing young man who called himself David Kelsey, and professed to belong to Bangor Young Mr Kelsey was exceedingly polite to old Mr Clark, proposing that they should journey to the Penobscot in company The old gentleman accepted the proferred civilities with much pleasure, and his new friend by his assiduous attentions, so won his confidence that he unguardedly exposed to him the valuable contents of his carpet bag On their arrival at the steamboat wharf in this city, Mr. Clark went into the washroom of the boat to perform his morning ablutions, and placed his carpet bag near him upon the floor. When he looked for it, after the lapse of a moment, it had mysteriously disappeared, and with it had gone the polite Mr. Kelsey, who has not been heard from since.

We can hear of no such name as David Kelsey belonging here. It is not likely the fellow would seize his real name or residence to his victims.

For the Whig and Courier

In Vain.

'Tis vain
I lay my brush aside,
I cannot paint those sun-set hues
Upon this lifeless canvass—
My hand fails to trace
Those golden bars of sunshine,
As they quiver o'er the mountain's brow,
And dart in shimmering light
Across the murmuring waters
Ah who can trace with truthful hand
New England's gorgeous sun-sets?
Who fling upon a page
A scene like this? Who bind
The changing glories? Who blend
With hand divine the richest carmine
And deep-toned purple clustering
Round the day god's evening couch?
Methinks I'll sometimes try a picture,
Like unto the one which yester'-eve,
Unrolled with princely hand its shining folds
Along the western sky—that set
The heavens aflame—and caught
The draperies of evening
In the golden lamps of day glory
Vain thought!
I am of earth Ever me 'twere sin
To deem my feeble hand divine,
Or gift with heavenly inspiration—
Angels trace those glorious sun sets
These the glimpses of the
Heavenly radiance streaming through
The pearly gates of Paradise!
Methinks I see angel artists
Stand beyond!

* * * * *

Such thoughts as these hath filled my soul
Till it hath seemed to me, some angel
From its bright home star hath downward
Winged its airy flight, and folded
Its glad wings while from its golden harp
Woke notes which thrilled my inmost soul
With deepest thankfulness to Him
Whose name he prized forevermore MAUD

HALL'S
New Stump Machine!

I HAVE INVENTED an improved STUMP PULLER, which two men can carry about the field from one stump to another, and draw the largest pine stumps out of the ground by hand power, without oxen, horses, ropes or blocks, and without digging round

This is a great improvement on Stump Machines, as two men will take up a common stump in about two minutes, and dispense with any team, and can be worked when the ground is soft in the spring, and does not break up the grass field as by the old process of a heavy team.

This Machine is entirely different from any ever used before, comes cheaper, and is very durable Price $50 I have them now on hand and for sale at my mill in Bangor, Me

The Moon A recent discovery by the Astronomer Hansel whose study of the moon is continued for many years, has established the fact that the centre of gravity of the moon instead of being like that of the earth, in the centre of figure, is beyond that centre, and further from the side next to the earth than is from the other side by seventy four miles the nearer side of the moon therefore, has an expanded protuberance or mountain, seventy four miles high, and any fluid, whether air or water, would flow downwards from the nearer to the farther side of the moon, where, for aught we know, intelligent living beings may exist. The nearer side of the moon cannot be inhabited at least by beings whose existence air and water are essential, as those with all terrestrial animals The celebrated mathematician Gauss, proposed the means of settling the question whether the moon is inhabited, that a huge monument should be erected on the Steppes of Siberia as a signal to the inhabitants of the moon in the hope that they might be induced to erect a similar signal to appraise us of their existence The discovery of Hansel show that such an experiment would be attended with no success, inasmuch as the inhabitants of the moon, if there are any, being on the farther side, could never see a monument on the earth —*Hinks Ledger*

A MARKED FOR DEATH While the brig Governor Anderson was lying in Tampa Bay Florida with Commander Capt Simpkins, took the yellow fever He was shown with it on Monday On the Tuesday following, he was attacked with Asiatic cholera The next day, Wednesday he was dangerously ill with small pox, and on Thursday he transacted business in Tampa, and prepared his vessel for sea. The Pensacola Gazette thus makes a case for the facility somewhat equivocally meaning, we presume not that the faculty might achieve what disease failed to do in disposing of Capt. Simpkins so that they may be able to find out the secret of his recovery from three such evils as yellow fever, Asiatic cholera, and small pox in three days. Perhaps there is something of mediumal virtue in the mysterious power of a vehement will, and that self wonderful courage which despises bodily infirmities, and laughs at weakness induced by sickness as though it were effeminate frailty.

Various Items.

The editor of the Lynn News thinks children's games are becoming popular with older persons now a days, as he has seen recently a large number of full grown men *chasing hoops* over the streets

Hullo there, what's your hurry? Where are you going? 'Going? I'm running for an office! What office? 'The Squire's office, I'm told

There is a gentleman in Philadelphia whose income is over seven hundred thousand dollars

There are several gentlemen in *this* city, whose income is rather under that

The editor of an exchange says he never was buncombe ghost, and that was the ghost of a miser who died without paying for his paper Twas horrible to look upon."

The omission of a letter sometimes plays the deuce with a sentence. A late paper speaking of the damage done by a tempest says A heavy *gal* raged furiously here on Wednesday last

REPORTED SLAUGHTER OF INDIANS St Louis Sept 10 The Independence Messenger of the 4th inst publishes a report that Col Sumner and over-taken the Cheyenne Indians, who were retreating towards Arkansas, and that a battle ensued between them, which resulted in the indiscriminate slaughter of 400 or 500 Indians men, women and children.—The report is discredited here.

The Carleton Iron Works at Carleton, N. B were destroyed by fire on the 9th inst, together with four dwelling houses and a blacksmith shop. Loss £2000

CAUSES OF THE INDIAN REVOLT —The belief seems to be gaining ground in well informed circles in England, that the revolt in Bengal was instigated by the Mahommedan intrigue, and that the story of the cartridges was a cunningly devised scheme to excite the fanatical prejudices of the high caste (Brahmin) soldiery, and by thus causing the only class with arms in their hands and capable of making a stand to forsake their colors to effect a temporary junction between the Mahommedans and Hindoos, the avowed object of which is to break the yoke of the foreigner, while the real object is to restore the ancient dominion of the Mogul Emperors. Apart from the mutiny of the soldiers and the excesses of which they were guilty, there has been no act of the Hindoos which indicates any settled purpose so far as they are concerned, while the only really revolutionary acts that have been committed denote an attempt to restore the Mogul dynasty, in the person of the King of Delhi, and avenge the wrongs of the king of Oude and other Moslem princes whose territory has been annexed by the British Government—Next to Delhi the ancient seat of the Mogul Empire, the rallying point of the rebels is Lucknow, the capitol of Oude, the most recently annexed Mohammedan territory. The time chosen for this attempted restoration of Moslem rule is the hundredth anniversary of Clive's great victory at Plassy, and if these leading facts are viewed in connection with the tradition, which is said to prevail in Bengal, that the, Koompanie Sahib, shall reign for one hundred years, and then be overthrown, and with the mysterious distribution of cakes and lotus flowers among the villagers and the native soldiers, and the suspected complicity of the deposed King of Oude and his Minister, as well as that of other Mohommedan princes, and the Musulman conspiracy at Calcutta and Allahabad, it does not appear a violent presumption, to suppose that the Mohammedans are the chief instigators of the revolt, although the Hindoo soldiery have been the most prominent actors in it

THE LUXURY AND PROFIT OF HONEY MAKING.

Torrey's Bee Hive.

THE subscriber having purchased the right of making and selling *Davis Patent Bee Hive* for the Counties of Penobscot Lincoln and Sagadahoc which has been received with so much favor and taken the first premiums wherever exhibited has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals.

This Bee Hive thus improved, is admitted by persons acquainted with the honey making business to be superior to every thing yet invented for the purpose. It covers all the requisitions for the profitable maintenance of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the proper separation of the swarms, and generally for the health and comfort of the workers.

The boxes used in this Hive for storing honey, are the best adapted in their size, for the market, holding from three to six pounds each.

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For sale, fifty swarms of Bees, with the new hives.

LINCOLN'S
WATER PROOF BLACKING, AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician

IS it not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried, it soon becomes hard, stiff, and cracks, but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water proof but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned. It will not only make leather water proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years and a large part of that time have worked in a wet tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

A MEDICINE THAT NEVER DEBILITATES.

DR. SANFORD'S
INVIGORATOR, OR LIVER REMEDY!

HAS ALL THE GOOD QUALITIES OF A Purgative Medicine, answering the purposes of any cathartic without the debilitating effects experienced from most purgatives. It acts slowly and gently, but surely, moving the bowels to carry off all the secreted matter, at the same time stimulating the *Liver* to a proper performance of its functions.

The Invigorator cures Sick Headache. Take one or two teaspoonful at the first attack and it will soon disappear. For an overloaded stomach or when food rises or sours, take the Invigorator after eating and it will not prove disagreeable or oppressive. For Heartburn, Palpitation or Difficult breathing take a teaspoonful once or twice daily. For Loss of Appetite, Languor, or Listlessness the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, take a teaspoonful on retiring, and the demons of dream and will all be [illegible]. After eating a hearty dinner, take a dose of Invigorator and it will relieve all oppression or fullness. The Invigorator is a Liver Remedy of [illegible] [illegible] acting directly on that organ curing Dyspepsia, Jaundice, Bilious Attacks, Dysentery, Piles, Worms and all Female Obstructions, for which it has [illegible]

We know there is nothing new before the American public prepared with such skill by a scientific man particularly for diseases of the Liver as Dr Sanford's Invigorator or Liver Remedy. It has attained a reputation second to no other article in the world simply because it is its own merit. To convince all by trial that it is all that its proprietor claim it to be. If any of our readers are suffering from any such diseases as are described in Dr Sanford's advertisement, we know of no remedy that will so surely cure them as the Invigorator

There has lately been brought to our notice a medicine that seems to possess wonderful curative and healing properties in Diseases of the Liver, Stomach and Digestive organs. It came to us with so many testimonials in its favor that we have noticed its effects in some of the worst cases of continual debility caused by deranged liver and in every instance the effect was to relieve or give a permanent cure. Dr Sanford's Liver Invigorator is what we refer to. We always have been credulous about cures by patent medicines but we are convinced that this medicine for family use is not excelled by the host of recommendations it has. Our advice is for all troubled with Indigestion, Debility or Bowel Complaint to get a bottle and try it, our word for it relief will be experienced

Blessings to the Invalids who use Dr Sanford's Invigorator for it will relieve them. The pains as soon as it is taken into their stomach. Pain and misery cannot exist where the Invigorator is used, for it will surely drive them away, as daylight will banish darkness—of this there can be no doubt to those who try it for it carries conviction with every dose taken. Another evidence is the thousands of certificates from those who use it, or have been cured by it. Try one bottle—if it does not benefit, then we are mistaken
